

Trainer KPIs - Without Batch

KPI's	Weightage	100%	75%	50%	25%	0%	Achievable Amount
Q3/Q4 Improvement	100.00%	80% moved	70% moved	60% moved	50% moved	<50% Moved	PKR 150,000

Total Achievable Incentive **PKR 150,000**

KPI Explanation

Q3/Q4 Improvement	This KPI is entirely focused on the improvement of bottom performing agents. The target audience for this KPI includes: - Agents in Quartile 3 with a SAT% of below 15% - All agents in Quartile 4 The combined total of these agents forms the 'targeted audience.' The KPI is then measured based on improvement within this group. We will track how many of these agents show improvement over time (in terms of SAT%). The trainer's KPI score is calculated as the percentage of agents from this targeted group who improve. Moved % =(Number of agent who improved ÷ Total targeted agents) × 100
-------------------	--

Fraudulant Sales Action will be taken per Zero Tolerance policy.

Proration

Any leave or callout other than pre-approved Annual Leave will prorate the overall achieved Incentive /scheduled days.

Approved AL/SL Leave applied on the portal will have no impact on the Basic Salary.

minmum of 10 working days are required to qualify for incentives

Unpaid Leaves will have an impact on both Basic Salary & Incentive proration.

PIP

Failure to meet client's expectation to remain profitable will result in PIP.

If already on PIP then the SE will be given one more week.

If a CSR improves the PIP level will remain the same for another week untill agent stays profitable for another week and sustains.

in case of no vote of confidence by the client and staying unprofitable will result in termination.
